

BRUNSHAW PRIMARY SCHOOL

OUR VISION:

Inspiring children to be resilient and aspirational learners,
within a positive and considerate community.

British Values in Art and Design

At Brunshaw Primary School, we develop and promote British Values throughout our school and within our curriculum. A key part of our plan for education is to ensure children become valuable and fully rounded members of society who treat others with respect and leave school fully prepared for life in modern Britain.

In the subject area of Art and Design, we promote British Values in the following ways:

The Rule of Law

- During projects and activities, we access our tools and materials making sure we are following class rules. We know and understand the consequences of not following this rules.

Democracy

- We ensure that we are aware of and consider the views and values of others, particularly when working collaboratively.

Individual Liberty

- We are given the opportunity to express our individuality through our projects. We are given regular opportunities to make our own decisions and choices in our projects.

Mutual Respect

- We hold discussions and we learn how to evaluate our own and others work in a sensitive way.
- We work collaboratively on projects, having respect for our peers' views and being receptive to the advice of others.
- We use art and design as a creative way to experience a variety of festivals and traditions.

Tolerance for those of different faiths and beliefs

- We develop tolerance and understanding when learning about the backgrounds and beliefs of different artists.
- We explore new skills used in different forms of art from around the world.
