

BRUNSHAW PRIMARY SCHOOL

Inspiring children to be resilient and aspirational learners, within a positive and considerate community

Intent, Implementation and Impact in Geography 2021/22

Intent	Implementation	Impact
• At Brunshaw we strive to inspire children to be resilient and aspirational in their geography learning. • We encourage children to be positive and considerate in school, local and wider communities and to develop a love and respect for the world in which we live. • We will ensure a variety of teaching styles are used to enhance learning. • Encourage children to ask and find answers to geographical questions. • To provide cross curriculum opportunities to ensure children are using key skills that they can link to geographical enquiry. • To develop respect for other cultures and an understanding of British Values.	• We ensure clear links to the National Curriculum guidelines to ensure all knowledge and skills are covered across year groups. • To deepen subject knowledge through flipped learning and teaching strategies. • We will inspire our children to find out more about the world around them through local visits and interesting resources. • We will use assessment for learning to plan and adapt learning so that it is relevant and tailored to the children's needs. • We will ensure key vocabulary is taught in each unit. • We will ensure writing, maths and reading are embedded in to their geography learning to make sure	• Children will enjoy learning about the world in which they live and show respect for it. • Children will further their own learning and be encouraged to research topics of interest. • Evidence of work will show clear progression of skills and knowledge and cross curriculum links. • Standards in Geography will be as high as expected in English. • Children will have a good understanding of diversity and differences in cultures. • Teacher assessments will be moderated and discussed to ensure standards are high across all year groups.

	children make the best possible progress. • Monitoring will ensure that key skills are taught across all year groups.	• SLT and Governors will be informed of progress through subjects reports and action plans.
