1 Shared Human Experience	To know a role model is someone others look to as a good example. A role model is someone who is worthy of imitation — like your beloved teacher or a well-behaved celebrity. Just as a model is something that represents an inspirational ideal, a role model is someone who inspires others to imitate his or her good behaviour To understand that good role models typically exhibit the following personality traits or qualities: self-awareness, positivity, humility, empathy, professionalism, and integrity To know that good leaders are: Decision Maker Good Communicator Sets The Example Motivates Others To know that some people chose to follow and a follower is a person who supports and admires a particular person or set of ideas To understand that influence is often an unconscious act. People are not always aware of when they are influenced, which is why it works. Many people want to be different from others but also seek a sense of belongingness. 2 Beliefs and Values	To know that to serve others means you are doing something primarily for the benefit and goodwill of another person or group of people. When we serve, we look outside of our self, beyond our own problems, and seek to bring value to others To know that Noah had to persevere, and trust in God's plan for him. At the end of the story, Noah's family made it to safety, and God made a covenant promise between him, Noah and his creation, symbolized by a rainbow. We need to choose to remain faithful to God instead of worrying what other people think To know that Abraham was a great man of faith, and God kept His promises to him. This should encourage us that God will keep His promises to us as well. Learning about this promise can also help children trust God more, knowing that He is faithful and will keep His word To know that God used Moses to cast plagues on Egypt. Moses led God's People, the Israelites, out of Egypt towards the Red Sea. God continued to do wonders through Moses and Moses was given God's 10 Commandments To know that God told Jonah to go to the city of Nineveh and tell them to stop sinning. This time, Jonah did as God told him. He went to Nineveh and told them what God wanted them to do. The people listened to what Jonah said and they praised God To understand that God cares about his created world and continues to act through people in order to intervene in human history To understand that the burning bush was a hint that even though the Israelites were suffering in Egypt, they had	How and why have some people served God? 	God's protection, like the bush that was burning but not consumed To know that Noah was likely mocked for building a giant boat when no flood was yet seen upon the earth – but he did not worry about what other people thought. He simply responded to God's commands with a willing heart and hands To know that Abraham chose to trust God and follow His instructions without knowing what the result might be To know God told Jonah to warn the people in Nineveh that God would punish them for all the bad things they kept doing. But Jonah didn't like the people in Nineveh and didn't want them to get a warning. So Jonah decided to disobey God. Jonah got on a boat that was going the other way. The important lesson taught to Jonah is that running from God is impossible. If you disobey his commands, you will get punished, but if you comply sooner or later, God will forgive you

4 Search for Personal Meaning	To know that to inspire is to excite, encourage, or breathe life into and to give someone the desire, confidence, or enthusiasm to do something well inspire somebody To understand that many people put themselves last to make sure their loved ones are taken care of. Although considered a noble act and at times a necessity, neglecting your personal needs over a long period of time to please others can lead to resentment, overwhelm and burnout To know that personal sacrifice is the giving up of one's own interests or wishes in order to help others or advance a cause To understand that others want a life of service because it gives us a break from self-absorption. It shifts our focus to others. To make us happy a life of service must be freely chosen. Still, there are times when we find ourselves serving, such as when we care for small children or an ailing loved one, because the situation requires it To know that when we can serve other people, we are not only able to see outside ourselves but we are able to see the beauty and good that brings us beyond ourselves. For anyone to have true fulfilment, we must continue to grow, we also must be willing to make it about more than just ourselves.	• Who inspires me?
