	Reception	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
Autumn 1	Rote count to 10 forwards and backwards.	To know all the number bonds to 5.	To recall and use addition and subtraction facts to 20.	To know multiplication and division facts for the 3x table.	To know multiplication and division facts for the 6x and 12x table.	To recognise and use square numbers.	To consolidate multiplications and division facts for all times tables and to use these when working with larger numbers and decimals.
Autumn 2	To know the names of the days of the week and begin to say them in order.	To know all number bonds to 10.	To know the doubles of simple two digit numbers.	To know the doubles of all numbers up to 100.	To know the double and half of any number.	To consolidate multiplications and division facts for all times tables and to use these when working with larger numbers and decimals.	To find common multiples and factors of a number.
Spring 1	Rote count to 20, beginning and ending in different places.,	To know all doubles and halves to 10.	To know the halves of simple two digit numbers.	To know multiplication and division facts for the 4x table.	To know all 2-digit pairs that total 100.	To find factor pairs of given numbers.	To know doubles and halves of decimals to 2dp.
Spring 2	Rote count backwards from 20.	To know all addition and subtraction facts for numbers between 0 and 10.	To know multiplication and division facts for the 10x table.	To know the halves of all numbers up to 100.	To know multiplication and division facts for the 7x and 9x table.	To know pairs of numbers to 1dp that add to 1.	To recall and use addition facts to 1 using numbers to 2dp.
Summer 1	To say a number between two given numbers within 20.	To count forwards and backwards in steps of 2, 5 and 10.	To know multiplication and division facts for the 2x table.	To know multiplication and division facts for the 8x table.	To double and halve decimals to 1dp.	To know pairs of numbers to 1dp that add to 10.	To recognise and use square and cube numbers.
Summer 2	To know which number comes before and after a given number to 20.	To know days of the week, seasons and months of the year.	To know multiplication and division facts for the 5x table.	To count up and down in tenths. To know multiplication and division facts for the 11x table.	To know multiplication and division facts for all tables up to 12 x 12.	To recognise and use prime numbers.	Consolidate previous work
